About Us

The company supplies a full range of quality-certified Raw Material, Chemicals & Refractory products and offers one stop and cost-effective solutions to optimize our customers and client's satisfaction. We have huge warehousing facilities and delivery mechanisms across the globe for sufficient stockholding and prompt deliveries. Our highly experienced and dedicated technical personnel provide technical and sales support to our valued customers.

Our **Target Industries:**

- IRON & STEEL INDUSTRY
- ALUMINUM INDUSTRY
- OTHER METALLUGY INDUSTRY
- CEMENT INDUSTRY
- CERAMIC INDUSTRY
- PAPER INDUSTRY
- GLASS INDUSTRY
- OIL & GAS INDUSTRY
- PETROCHEMICALS INDUSTRY
- POWER PLANTS
- DETERGENT INDUSTRIES

RAW MATERIALS & CHEMICALS

- Phosphoric Acid
- Phosphorus Rock
- Bauxite
- CPC
- Graphite
- Dolomite
- Gypsum
- Limestone
- Polypropylene
- Ldpe
- Hdpe
- Chrysotile
- Sodium Sulphate Anhydrous
- Surfactants
(Sodium Laureth Sulfate, LABSA)
- Alkalis
(Soda Ash, Coustic Soda)
- Builders
(Zeolites, Phosphates)
- Sodium Percarbonate
- Fragrance And Dyes
- Citric Acid
- Essential Oils
- Benzoic Acid
- Sodium Hydroxide
- Potassium Hydroxide
- Sodium Lauryl Sulfate
- Ethylene Oxide
- Feldspar
- Ball Clay
- Frit
- Glaze
- China Clay
- Carboxymethyl Cellulose Cmc
- Sodium Silicate
- Calcium Phosphate

REFRACTORIES:

BRICKS

Fireclay Bricks, High Alumina Bricks, Silica Bricks, Zircona Bricks, Insulating Bricks, Dolomite Bricks, Forsterite Bricks, Magnesite

CASTABLES

Insulating Castables, Dense Castables, Special Dense Castables, Low Cement Castables

MONOLITHICS

Plastic Refractories, Patching Refractories, Ramming Mixes, Coating Refractories, Gunning Mixes

MORTARS

Air Setting Mortars, Heat Setting Mortars fires projectiles in a high, to a building material used to bind bricks

MOULDABLES

General & Special Purpose Moudables, Microporous Boards, Ceramic Blankets

USED BEVERAGE CANS (UBC):

Searching for top-quality ALUMINIUM UBC (USED BEVERAGE CANS) SCRAP?

We have got you covered, Our premium scrap metal is an excellent choice for all your aluminum requirements. We have our prime partners who are facilitating us globally to ensure a seamless and reliable transaction.

FLY ASH

We are a prime supplier of FLY ASH, sourced directly from one of largest mine from India. Fly Ash is a cost-effective, eco-friendly alternative to cement, requiring less energy for production and transport. Unlike Portland cement, which has high embodied energy due to intense heat processing, fly ash uses less water and works better in cold weather.

COAL

Partnered to one of the prime mines from India we are targeting to be one of the major exporters of coal on a global level. The quality (grade) of coal (Non-Coking) will be in unit GCV Grades (G-1G17) inline with GCV BAND(K.cal/Kg) starting from 2200 and exceeding 7000

BARYTE

We are dedicated to providing high-quality, cost-effective Baryte products both in powdered and lumps forms. The powder is packaged in jumbo bags, with a minimum order requirement of 25 tons. Sourcing from the best mines from India we are committed to deliver the product based on the client specification and requirements

QUARTZ

Inline with our partnered factory in India we are committed in manufacturing of quality Quartz grits. We can and are capable of supplying regularly Quality Quartz Grits 'A' grade. Quartz glass grade specification as per glass industry standard. Quartz Powder 'A' Grade.

BENTONITE

Sodium Bentonite Raw Ore, Bentonite API Grade 13A, and multi grades are been sourced and supplied to customers all over GCC.

In addition to the above we are also prime suppliers for Feldspar, Iron ore, Copper, Nickle, Steel, Scrap Materials, and Polypropylene Homopolymer Granules.

Our FMCG Division

At LUCID, we pride ourselves on being a reliable partner in the FMCG and chemical supply industry. With a strong distribution network, quality-driven sourcing, and a customer-first approach, we bridge the gap between manufacturers and retailers, ensuring that essential goods and raw materials are delivered on time, every time.

We specialize in supplying fast-moving consumer goods (FMCG) that are a part of everyday life. From packaged foods and beverages to personal care and household essentials, we help retailers and distributors keep their shelves stocked with products consumers trust.

Our Chemical Division

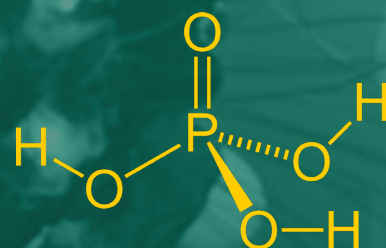

In addition to FMCG, we are a trusted supplier of industrial and agricultural chemicals that power industries and support agriculture.

Phosphoric Acid

Overview : A versatile mineral acid used in food, agriculture, pharmaceuticals, and industry.

Applications:

- **Food & Beverages:** Acidity regulator and flavor enhancer.
- **Agriculture :** Essential in phosphate fertilizers.
- **Industrial :** Metal treatment, rust removal, detergents.
- **Pharmaceuticals :** Medicinal and laboratory uses.
- **Our Edge :** Food-grade and industrial-grade phosphoric acid supplied with assured purity, safe packaging, and timely delivery.

Rock Sulphur

Overview : Naturally occurring mineral sulphur with antibacterial & pesticidal properties.

Applications:

- **Agriculture:** Natural fungicide/pesticide against mildew, mites, & fungi.
- **Chemicals:** Raw material in sulphuric acid & other derivatives.
- **Pharma & Veterinary:** Used in soaps, creams, & traditional remedies.
- **Industry:** Matches, fireworks, & rubber vulcanization.
- **Our Edge:** High-purity rock sulphur available in bulk quantities with customized packaging & competitive pricing.

Data Center Power Solutions

Lucid is a trusted provider of data center power solutions, specializing in the distribution of Delta products. With a strong focus on UPS (Uninterruptible Power Supply) systems, we deliver reliable, efficient, & high-performance solutions to meet the diverse needs of businesses across industries.

Our expertise

we provide installation, commissioning, & after-sales services, ensuring our clients receive complete support throughout the lifecycle of their data center power systems.

Our Partnership

We are an authorized partner of Delta Electronics, a global leader in power & thermal management solutions. Through this collaboration, we offer advanced UPS systems that guarantee continuous, stable, & secure power for critical operations.

Our Services

UPS Supply – Wide range of Delta UPS systems tailored to various business needs.

Installation & Commissioning – Professional setup to ensure optimal performance.

After-Sales Support – Reliable maintenance, technical assistance, & spare parts availability

Our Commitment

At Lucid, we are committed to delivering quality, reliability, and customer satisfaction. Our goal is to empower businesses with uninterrupted power solutions that protect operations, data, and productivity.

Lucid Trading
