Entered the IT solutions and services space by LUCID INVESTMENT COMPANY

**Approved Vendor**

Offices in **Saudi Arabia, Bahrain**

WELCOME TO

# LUCID INVESTMENT COMPANY

At LUCID Investment Company, we recognize that in the modern financial landscape, technology is not merely a support function—it is a core strategic asset. Our dedicated IT Solutions division is the engine that powers this belief. LUCID IT Solution is a premier provider of end-to-end technology services dedicated to driving business transformation. We specialize in delivering clear, strategic, and practical IT solutions that solve real-world problems. Our expertise spans cloud integration, custom software development, managed IT services, and cybersecurity. Partner with us to cut through the complexity of the digital landscape and build a technology foundation that is robust, secure, and purpose-built for your growth.

## **LUCID IT Solutions:**

The Strategic Technology Advantage & Your Partner in Digital Transformation

In an era defined by data and digital disruption, LUCID Investment Company's competitive edge is engineered by our forward-thinking IT Solutions division. We go beyond traditional IT support, functioning as a strategic partner that embeds technological innovation into the very fabric of our investment processes. Our mission is to build, secure, and continuously evolve a digital ecosystem that accelerates alpha discovery, mitigates risk, and ensures flawless operational execution.

## **Our Core Capabilities:**

**Data Intelligence & Analytics:** We transform vast, disparate datasets—from market feeds and alternative data to proprietary research—into a unified, actionable intelligence platform. Our advanced analytics and machine learning models uncover hidden patterns and generate predictive insights, giving our portfolio managers a decisive information advantage.

## **High-Performance Compute & Quantitative Infrastructure:**

Speed and precision are paramount. We provide a state-of-the-art computational environment, including low-latency trading systems and scalable cloud resources, that enables complex quantitative modeling, rapid back-testing, and seamless execution across global markets.

## **Cybersecurity & Digital Resilience:**

Trust is our most valuable asset. Our multi-layered, proactive security framework safeguards sensitive financial data and intellectual property against evolving cyber threats. We ensure business continuity and regulatory compliance through robust governance, continuous monitoring, and comprehensive incident response protocols.

## **Operational Efficiency & Automation:**

We streamline middle and back-office functions through intelligent process automation and seamless system integration. By eliminating manual bottlenecks and reducing operational friction, we enhance accuracy, reduce costs, and free up human capital for higher-value strategic activities.

## **Custom Software Development:**

We design and build bespoke applications that streamline workflows, enhance productivity, and deliver a superior user experience.

## **Cloud & Infrastructure Solutions:**

We provide secure, scalable, and resilient cloud environments that form the backbone of modern business, ensuring agility and continuity

## **Managed IT & Security:**

Our proactive monitoring and support services protect your assets and ensure your systems run smoothly, allowing you to focus

## **Our Philosophy: Partnership & Innovation**

We operate on the principle of deep collaboration. Our technology experts work side-by-side with investment professionals to co-create solutions that directly address market challenges. By fostering a culture of continuous innovation and agile development, we ensure that LUCID's technology stack is not just keeping pace with the industry, but actively defining its future.

## **LUCID IT Solutions:**

***Where vision meets execution,  
and technology creates value.***

## OUR VISION

Our vision is to be a trusted leader in providing innovative IT solutions that empower businesses to achieve clarity, efficiency, and growth. We aim to drive digital transformation across industries, helping organizations adapt to evolving technologies. By delivering solutions that are simple yet powerful, we aspire to create long-term value. Our vision extends to building strong partnerships with clients. Ultimately, we strive to shape a future where technology is clear, reliable, and accessible.

## OUR MISSION

Our mission is to continually develop and deliver high-quality IT solutions that address real-world challenges faced by businesses. We focus on creating smart, scalable, and cost-effective systems that simplify operations while ensuring performance and reliability. By aligning technology with business goals, we provide tools that support growth and sustainability. We are committed to innovation, customer satisfaction, and seamless user experiences. Every solution we design is aimed at making technology easy to adopt and impactful.

## OUR VALUES

We uphold integrity, honesty, and transparency as the foundation of our work. Collaboration and teamwork drive us to achieve more together, while innovation fuels our solutions to stay ahead of challenges. We are dedicated to serving our clients with commitment, respect, and clarity of purpose. Our values ensure that every partnership is built on trust and long-term success. Above all, we believe in excellence, delivering solutions that reflect our passion and responsibility toward our clients and society.

# WHY CHOOSE US?

We believe in delivering more than just technology – we provide clarity, trust, and results. Our solutions are designed to simplify complex challenges, enhance efficiency, and support long-term business growth. With a focus on innovation and customer satisfaction, we ensure every project is executed with excellence and transparency.

## **Tailored Solutions**

Customized IT services that fit your unique business needs.

## **Innovation & Expertise**

A skilled team bringing forward-thinking solutions.

## **Reliability & Trust**

Consistent performance with integrity and transparency.

## **Cost-Effective Approach**

Smart strategies that save time and resources.

## **End-to-End Support**

From consultation to implementation and beyond.

## **Sustainable Value**

Cost-effective strategies that ensure long term success.

# Data Center Power Solutions

Lucid is a trusted provider of data center power solutions, specializing in the distribution of Delta products. With a strong focus on UPS (Uninterruptible Power Supply) systems, we deliver reliable, efficient, & high-performance solutions to meet the diverse needs of businesses across industries.

## Our Expertise

we provide installation, commissioning, & after-sales services, ensuring our clients receive complete support throughout the lifecycle of their data center power systems.

## Our Partnership

We are an authorized partner of Delta Electronics, a global leader in power & thermal management solutions. Through this collaboration, we offer advanced UPS systems that guarantee continuous, stable, & secure power for critical operations.

## Our Services

**UPS Supply** : Wide range of Delta UPS systems tailored to various business needs.

**Installation & Commissioning** : Professional setup to ensure optimal performance.

**After-Sales Support** : Reliable maintenance, technical assistance, & spare parts availability

## Our Commitment

At Lucid, we are committed to delivering quality, reliability, and customer satisfaction. Our goal is to empower businesses with uninterrupted power solutions that protect operations, data, and productivity.

# Saudi Arabia's

## Digital Evolution Challenges

In Saudi Arabia, the rapid pace of global technological advancement has exposed significant gaps in the local IT infrastructure, workforce skills, cybersecurity resilience, and data management capabilities.

Businesses and government entities struggle with outdated systems, inefficient processes, and a shortage of skilled IT professionals, hindering their ability to fully embrace digital transformation and innovation.

Furthermore, the need for regulatory compliance, enhanced customer experience, scalable solutions, and alignment with Vision 2030's ambitious goals presents additional challenges.

Small and medium enterprises (SMEs) face unique obstacles in IT adoption, while sectors such as healthcare, education, and public services require substantial modernization.

The current connectivity issues and early-stage development of smart cities further highlight the urgency for comprehensive IT solutions.

Turning challenges into opportunities,  
***making technology effortless,***  
and creating value that lasts.
